

ReplayHub Player & Captain Guide

v3.0 · ReplayHub v34.8.1

Practical replay submission, Captain account and security guide.

THIS RELEASE

Updated for ReplayHub v34.8.1. The guide now reflects Captain Invite onboarding, TOTP 2FA, season-scoped Official Schedule Mode, exact Match lifecycle linking, Platform Backup & Recovery, Deployment Safety and Monitoring.

CONTENTS

- 01 Visual Quick Start
- 02 Submission & Schedule Mode
- 03 Public Portal & replay workflow
- 04 Captain / Co-Captain security
- 05 Common messages & after every match

ReplayHub Player & Captain Guide v34.8.1

Captain onboarding, secure login and replay submission workflow

01 QUICK START

- 1 Accept your captain invite.
- 2 Open the onboarding page.
- 3 Create your captain password.
- 4 Enable TOTP 2FA and save recovery codes.
- 5 Open the Team Portal and submit the replay set.

02 WHAT'S NEW

- Captain invite + onboarding flow.
- Secure captain login with password + TOTP.
- Schedule-aware submission logic.
- Reviewed submissions can complete linked matches.
- Updated Help and Staff Guide content.

03 GOOD TO KNOW

- If a season is not using schedule mode, uploads still work normally.
- If no official scheduled match exists, manual upload is still allowed when the league policy allows it.
- Keep your recovery codes private.

INVITE

You've been invited

You have been invited as captain for
Berserker Team League

Click below to accept your invite and get started.

UPLOAD

Submit Replay Set

Select the match, upload your files and submit for review.

Match  Round 3 vs Night Raiders  Status Ready to submit

Drag & drop files here
or click to browse

Max 6 files • Max 2 GB per file • See league policy for details

SUBMIT FOR REVIEW

ReplayHub Player & Captain Guide v34.8.1

Submitting replays, statuses and schedule-aware behavior

01 SUBMISSION FLOW

- 1  **Select your match.**
Choose the official match from the list.
- 2  **Upload the replay files.**
Upload your replay files and add any required notes.
- 3  **Submit for review.**
Submit your replay set to league staff.
- 4  **Staff review updates the final status.**
Staff will review and update the submission status.

02 STATUS MEANINGS

- Pending Review = uploaded and waiting for staff.
- Reviewed = checked by staff and accepted.
- Rejected / Needs changes = staff requires corrections.

03 SCHEDULE-AWARE LOGIC

- If schedule mode is ON, official matches shown on the league page are pulled from the season schedule.
- When your submission is linked to a scheduled match and staff marks it Reviewed, the linked match can be completed automatically.
- Completed matches should no longer appear as selectable official matches.

04 MANUAL UPLOADS STILL WORK

- If the season is not using schedule mode, uploads work without schedule restrictions.
- If there is no schedule entry, leagues can still allow normal manual upload flows.

SELECT MATCH (EXAMPLE)

Match	Round 3 vs Night Raiders
Division	Division 1
Date	May 12, 2026
Time	8:00 PM UTC
Type	Official

SELECT MATCH

SUBMISSION STATUS (EXAMPLE)

Status	Meaning
 Pending Review	Uploaded and waiting for staff.
 Reviewed	Checked by staff and accepted.
 Rejected / Needs changes	Staff requires corrections.

REVIEWED → COMPLETED MATCH

 This flow only applies when the submission is linked to a scheduled match and the status is Reviewed.

05 TROUBLESHOOTING

- Wrong match selected? Contact staff.
- Missing replay? Re-upload before review.
- Login issue? Use recovery codes or ask staff for help.

Public Portal & replay workflow

Real UI examples from ReplayHub plus the v34.8.1 behavior rules.

Real ReplayHub League Overview / Season Coverage UI example.

Official Schedule Mode

- ON: a new upload must use an eligible Official Match. Completed, Cancelled and occupied Matches are hidden.
- OFF: uploads are free-form; existing Schedule rows remain stored.

Public uploads enabled

- This switch controls whether uploading is open at all.
- Public OFF overrides Schedule Mode; Public ON + Mode OFF = free-form; Public ON + Mode ON = official-only.

Captain / Co-Captain security

Invite-first onboarding, personal password, sessions and TOTP 2FA.

#	STEP	WHAT IT MEANS
1	Captain Invite	Admin/Owner creates a one-time invite for an exact league + team + division + role slot.
2	Onboarding	Open the invite and choose your personal password.
3	Login	Use /captain/login. Temporary password is only a fallback for existing/reset accounts.
4	TOTP 2FA	Optional and recommended. Save the 10 one-time recovery codes privately.
5	Sessions	Each device has a server-side session; revoke one device or all other sessions.

Correction requests & version history

- Staff opens an Issue (Missing / Wrong / Corrupt / Other) and may send a signed correction link valid for 24 hours.
- Upload only the requested replacement replay set. The previous ZIP/version remains traceable.
- Correction moves the submission back to Archived for re-review; the Issue does not auto-close.

Status & lifecycle

- Archived = uploaded and waiting for staff review.
- Reviewed = staff accepted the submission; an exact linked official Match becomes COMPLETED.
- Changing a submission away from Reviewed does not automatically reopen the Match. Reopen is an explicit admin Match edit.

Common messages & after every match

Fast answers for the situations players and captains see most often.

MESSAGE	WHAT TO DO
Duplicate / completed submission exists	Do not retry the same completed matchup. Check league, division, round and teams.
Matchup does not match schedule	Relevant when Schedule Mode is ON. Select the exact eligible official Match or contact staff.
Replay Validation ERROR	One or more files failed a hard validation rule; replace the affected replay file(s).
Metadata WARNING	The replay may still be valid; parser metadata can be incomplete.
Uploads locked / final season	Normal uploads are closed. Contact league staff if a correction is still required.
Lost receipt	Use Submission ID in /lookup. If you lost the ID too, contact league staff.

After every match

- Upload the complete replay set.
- Save the Submission ID / receipt.
- Check Lookup or the league archive when available.
- Watch Captain notifications if you have a Team Portal account.
- Use a staff correction link instead of creating an unrelated duplicate upload.
